

EMC'2011
SECOND ANNOUNCEMENT

9-th INTERNATIONAL SYMPOSIUM AND EXHIBITION
ON ELECTROMAGNETIC COMPATIBILITY
AND ELECTROMAGNETIC ECOLOGY

Saint Petersburg, Russia
September 13–16, 2011

OBJECTIVE

The 9th International Symposium on Electromagnetic Compatibility (EMC) and Electromagnetic Ecology (EME) will offer a new opportunity for scientists, engineers and students working in the area of EMC to present the progress in their work and to discuss problems of current mutual interest.

VENUE

The Symposium traditionally takes place in Saint Petersburg Electrotechnical University "LETI", which in 2011 is celebrating the 125th anniversary since the year of foundation. The Symposium is included in the program of anniversary actions. The Symposium will take place in the first half of September. In these days picturesque suburbs (Pushkin, Pavlovsk, Peterhoff) are especially attractive with the beauty of early autumn, and sights of Saint Petersburg (the Hermitage, the Russian Museum and others) are waiting for the visitors.

MAIN TOPICS

1. Theoretical problems of EMC&EME
2. EMC of radio-electronic systems and equipment
3. Spectrum management and monitoring
4. EMC in electrical engineering and power systems
5. Specific EMC and EME problems concerning mobile objects (vessels, airplanes, railway transport and others)
6. Research of natural electromagnetic radiations(GIC, lightning and others)
7. Equipment design with regard to EMC&EME, technology, materials and components
8. Electromagnetic monitoring, measurement, certification and test equipment
9. EME problems: influence of electromagnetic radiation on biological objects, allowable norms of radiation and ecological protection
10. EMC&EME education
11. Popov's scientific and educational radio technical school

OFFICIAL LANGUAGE

The official language of the Symposium is English.
